

**Bernard Pictet was among exhibitors at the 2018 Monaco Yacht Show, held September 26th to 30th.**

**The studio joined other Living Heritage Companies - a government distinction awarded to French companies for their expertise - within an elegantly stylish space that attracted numerous visitors.**

Bernard Pictet showed a door in green-coloured, saw-engraved glass, a screen in black and silvered engraved glass, a bookcase top and desk top using the same technique, a wall mirror in chiselled glass with gold and brown repairure, and a coffee table with a chiselled glass top with patinated gilding.

Lighting design for the stand was by Voyons Voir, which created daytime, late afternoon and night moods to show off the different objects on display.

**"Sean" door:** saw-engraved glass with green leaf and gold leaf repairure by Bernard Pictet. Patinated bronze frame and handle by VLD.

**"Impala" desk:** saw-engraved glass top with black and gold leaf gilding by Bernard Pictet. Tamo wood base by Ludwig & Dominique. Patinated bronze by VLD.
